

FESTIVE WEEKEND WET WEATHER PLAN

Due to the high wind gusts forecast for Friday (load-in/build) and Saturday, we'll be enacting our wet weather plan and relocating a few Festive Weekend attractions indoors at the Princess Pavilion. Thanks to this robust backup option, the event can still go ahead safely and in an adapted, welcoming format rather than being cancelled. Several activities will continue to take place throughout the town too, so we encourage everyone to head into Falmouth, enjoy our fantastic high street and show your support for our brilliant local businesses.

THE FOLLOWING ATTRACTIONS WILL BE PROCEEDING AS ORIGINALLY PLANNED

- **Festive Land Train** – This will proceed on its pre-planned route through Falmouth allowing shoppers to easily explore our fantastic town centre. **Volunteers scheduled to steward either The Moor or Maritime Car Park train stops should follow guidance and information previously provided to you. We will supply you with high vis waterproof jackets but please dress appropriately for the weather.**
